Welcome to the University of Maryland!

One of the greatest advantages to living in the DC metropolitan area is the vast array of living options you have. At the same time, finding the area and housing that is right for you can be a big challenge. Over the years, your fellow graduate students have amassed a wealth of information pertaining to specific apartment complexes, DC and its surrounding areas, and management companies in general. In an effort to help you navigate the diverse real estate market, information has been culled from current and former students who note the pros and cons of living in specific apartments or certain areas within the region. You may also find resources such as craigslist.com, padmapper.com, washingtonpost.com, campus housing resources, etc. to be helpful as you begin your housing hunt (see the link to the “Stuff I Wish I Knew When I Started Grad School” on the ccjs.umd.edu website for more information on local housing resources). Best of luck with your search!

Management Companies in the DC Metro Area

Many of the management companies have specials (discounted rates or a waiver of a security deposit) if you are a graduate student with the University of Maryland. Although they ask for a copy of your student ID as verification, but since you may not have one of these yet, most accept a copy of your acceptance letter as proof of graduate student status.

Avalon Management Company (http://www.avaloncommunities.com/dc-region-apartments/)
- They are usually a little newer, nicer, and safe.
- They have fair pet policies and don't automatically take security deposits.
- They are all over the D.C. metro area.
- Avalon at Traville (North Potomac) location is walking distance to the UMD Shady Grove campus.
- These are going to be pricier than other places (e.g., Summit Hills) but it is worth the cost if someone can afford it.

Southern Management Corporation (http://www.southernmanagement.com/index2.cfm)
- They have locations/complexes all over the D.C. metro area.
- Tend to be more affordable.
- Choices vary - some fancier and nicer, some older and not as nice.

Off-Campus Housing Services Database

The mission of Off-Campus Housing Services at the University of Maryland is to support members of the UM community in making well-informed decisions that enable them to enjoy a positive off-campus living experience. Their office uses high tech approaches including an internet database of available housing options and “high-touch” efforts including one-on-one assistance and delivery of campus-wide programs and events.

- To access the database, visit https://ochdatabase.umd.edu/
- For more information about the office, go to http://www.och.umd.edu/OCH/Default.aspx
College Park
Zip code: 20740-20742

The College Park area is as close to campus as you can get. There is easy access to the beltway and you are within a 5 minute drive to restaurants in the area. Also, a Shoppers grocery store is located right on Baltimore Avenue, and there are others on side roads, such as MOMs Organic Market and Giant. Note that many neighborhoods closest to campus are often occupied by mostly undergrads who have a tendency to be a bit rowdy or noisy at times. In addition, the crime rates may be a little higher than some other neighborhoods, and some of the living quarters aren’t as nice. The neighborhoods after the exit to the Beltway (going north on Route 1 towards Laurel) can be nicer but a little pricier.

| Graduate Hills/Gardens (Michael Becker) 3424 Tulane Dr # 3, Hyattsville, MD 20783 (301) 422-0148 | **Pros:**  
  - Walk to campus, no parking permit and/or car needed (.75 miles door to door from Grad Hills to the dept.)  
  - Fairly easy bus access – you can walk to union and pick up the shuttle to the metro  
  - Relatively cheap for a location so close to campus  
  - Good place for graduate students  
  - Complex is pretty quiet – no noise problems  
  - Some activities for residents.  
**Cons:**  
  - On the edge of a dicey area. Regular patrols by local police department help, and if you have a roommate you should be ok. Management has close ties with the University.  
  - Frequent maintenance is somewhat disruptive.  | 2 bed, 1 bath (shared with another person)

| 8204 Baltimore Ave. 
College Park, MD. 20740 | ● Right next to campus (1 mile walk, bike, or bus ride to the department)  
● Located next to restaurants & bars  
● Fully furnished  
● Great management  
● Great security and doors magnetically lock so that your roommate does not have access to your bedroom.  
● I find it quiet and easy to get work done here (make sure you live in the building called “U1” and try and get on an upper floor 14-16- these are the quietest and have the most graduate students) |
| (301) 220-0951 | **Cons:** |
| | ● Student housing- primarily undergraduate  
● Variety of bedrooms (so make sure you check the layouts- they’re all different, some can be pretty small)  
● Smaller living space  
● You will have a randomly assigned roommate unless you know who you want to live with and sign up together |

| **Pros:** |

| Located between College Park and Greenbelt, at the intersection of 193 and 201. Roughly 4 miles from campus. Pretty close to the College Park Metro station (but not walking distance)  
● Quiet, lots of older people live here.  
● Rent is reasonable (about $1200 for a 2 br/1ba), ample parking, on UM and Metro shuttle stop (10 minute ride to campus, leaves about every hour).  
● Access to jogging trail.  
● I would live here if you’re laid back and want to be close to campus without paying extra for a gym  
● Very spacious apartments  
● Close to any stores you would need (Target, Giant, Staples, Greenbelt mall, etc.) |
| **Cons:** |

| Seven Springs Apartment (Mei) | Pros:  
- Really close to Route 1, about 3 miles to campus  
- Relatively quiet. Kids can sometimes be noisy during the day, but never had problems sleeping at night  
- Free parking (also for visitors)  
- Rent is fine. I pay $1264 for a 1br/1ba. About 700 SQFT, so it is pretty spacious.  
- UM shuttle and Metro bus onsite  
- You can’t find anywhere closer to Shoppers than here  
- Pet friendly (both dogs and cats)  
Cons:  
- Apartments are really dated. The high rise I live in cannot have heating and air conditioning at same time. The laundry room always has washers/dryers broken.  
- Water interruptions (very often) and elevators down (sometimes). Again, the apartments are old.  
- Had bug problems last year. Sprayed something and it was gone though  
- No fancy amenities  |
| Wynfield Park Apartments (Deanna Devlin & Nicole Frisch) | Pros:  
- Beautiful apartment complex; Well-kept by maintenance.  
- Spacious apartments  
- Mostly new appliances  
- Gated community  
- Nice gym  
- Free parking (or could pay for a covered spot)  
- Washers/dryers in the unit  
- Quick drive to campus, but not within walking distance  
- Across the street is a shopping center with tons of places like Buffalo Wild Wings, Potbelly, Dunkin Donuts, nail salon, Chipotle, etc. Ikea is also across the street  
Cons:  
- Rent is expensive and no utilities included in the rent  
- No elevators (5 floors total, so if you live on one of the higher up floors you have to use the stairs which could be rough bringing in groceries, etc.)  |

Downtown Silver Spring
Zip code: 20910

Downtown Silver Spring can sometimes a little bit pricier than some other areas, but it has a lot of advantages. It’s walking distance to the metro so it’s easy to get in and out of DC, walking distance to several great restaurants and to grocery stores. The town hosts local events (farmer’s market, jazz festival, thanksgiving parade, etc). And, there is a UM shuttle that takes you to campus for free. It generally takes about 20 minutes to drive to campus.

1703 East-West Hwy, Silver Spring, MD 20910<br>(301) 608-1703
| Rock Creek Village (Justin Bernstein) 8327 Grubb Road, Silver Spring, MD 20910 | Pros:  
- I love my area. It is close to Downtown Silver Spring (about 1 mile west of Silver Spring Metro), so easy access to all it has to offer (e.g., restaurants, cafes, bars, a great movie theater, a beautiful library, year-round Saturday farmers’ market, supermarkets), but is a bit quieter  
- Small shopping center right across the street from the condo development with a great deli (the Parkway Deli, look it up!), dry cleaning, gym, and a good restaurant (the Daily Dish, look it up!)  
- Well maintained and pretty grounds, lots of green space, Rock Creek Park is just down the block, and plenty of trails for running, biking, strolling  
- Good public transportation options, the J1, J2, J3, J4, R1 stop and my corner, run pretty frequently to and from the Silver Spring Transit Center (Bus and Metro Station (Red Line)), with the J4 continuing on and winding up going through campus, while UMD runs a shuttle (#111) that goes from the Bus Station to campus. The Purple Line will eventually stop nearby, but by the time that actually happens you will probably already have graduated.  
- Pet friendly (if you like animals), with no dog breed or size restrictions.  
- Four shared communal grills and a small outdoors children’s play area  
Cons:  
- Kind of far to school. I rely on public transit, which usually takes around 45 minutes or so, but can be substantially longer, particularly if it is late at night or when Metro has issues (driving would be about 25 minutes, traffic permitting).  
- The area is pretty residential, a lot of families (which may or may not be a Con, depending on how you look at it), and aside from the small shopping center mentioned under Pros, not much else closer without going the mile to Downtown Silver Spring.  
- Pet friendly (if you do not like animals).  
- Older development → no fancy amenities that you are unlikely to use anyway. |

| 2BR, 1BA | I don’t rent, so I don’t know. But the person who owns the unit above mine (same layout) has been trying to rent it for $1900 per month, but it’s been available for a little while so that’s probably too much. There is a 1 BR in the same community (different building) listed for $1450.  
Rent includes: Should include all utilities (except internet and cable) since individual units not separately metered and condo fee covers. |

Silver Spring/College Park Border  
Zip code: 20903

Living slightly west and north of Downtown Silver Spring are apartments that tend to be slightly more affordable, and many are not run by a large management group so you get landlords that are easily accessible. The cons of living away from downtown, however, are that you need either a bike or a car to get around; the area does not have many stores/shops you can walk to. In a car, Downtown Silver Spring is 10-20 minutes away. Some buildings have shuttles to campus, which takes about 20-30 minutes. You get all the pros of Downtown Silver Spring - the Saturday farmer’s market is great! However, there is not much in walking distance and it does not have an urban feel so if you don’t have access to a car this area might not be for you.

Beltsville  
Zip Code: 20705

This area tends to be a bit cheaper than the surrounding areas. There are a couple of apartment complexes, including one called Powder Mill Village that seems to be popular with foreign exchange students.

- The Mark at Brickyard, 12401 Brickyard Blvd, Beltsville, MD 20705, [http://www.themarkatbrickyard.com/](http://www.themarkatbrickyard.com/)

Cheverly  
Zip Code: 20785

Although this community is all single family homes, there are generally two rental options. There are houses for rent here that are very reasonably priced (usually 2-3 bedrooms), and there are also other rentals options such as renting a bedroom in a house or a finished basement. The zip code is 20785, but this zip code covers a lot of different towns, so if someone searches on [www.realtor.com](http://www.realtor.com) or [Off-Campus Housing](http://www.off-campus-housing.com), they want to make sure it says Cheverly.
Within Montgomery County moving a little farther out from the Silver Spring area, you can find a wide variety of apartments, condos and homes for rent. You will likely need use of a car in order to get to and from campus. There are a wide array of amenities, services and conveniences that may make this area ideal for you.

  ● Very nice, quiet area. A lot of young couples and families.  
  ● Walking distance to Grovesnor Strathmore Metro Station. Easy access to DC.  
  ● Multiple parks nearby, which is great if you have a dog. It is only about a 15-20 minute drive to Great Falls.  
  ● Easy walk to Whole Foods/CVS/Starbucks using the “Trolley Trail”, but multiple grocery stores a short drive away.  
  ● In between both Bethesda and Rockville, where there is a lot to do.  
  ● Each apartment has 1 reserved parking spot. Parking is never a problem for residents/guests.  
  **Cons:**  
  ● Quite far from campus, so you need a car (about 20 minutes on a good day, but can be up to an hour on bad days).

Baltimore
Zip Codes: 21201, 20202, 21231

Baltimore is about 30 miles from campus with a commute that varies from 45 minutes (normal day) to 75 minutes (rush hours). Easiest ways to campus are by car via I-95 or by MARC train to College Park. Baltimore is a mid-sized city with many great entertainment options, outstanding restaurants, and a good night life. Cost of living varies by neighborhood but overall Baltimore is a very affordable option for people interested in living in a city but looking for lower cost than DC.

| Little Italy/Inner Harbor Area Baltimore MD, 21202 (Alex) | **Pros**  
- Prime location in Baltimore. Inner Harbor has walking distance access to some of the best food, entertainment, and shopping in the city.  
- Close location (about 1 mile) to I-95  
- Spacious townhouse options available (2 bedroom/2 bath) two-floor townhouse built 7 years ago about 1400 square feet for under 2,000 a month  
- Outstanding food. Zagat recently rated Baltimore the #2 food city in the US and Thrillist rates Baltimore in its 7 underrated food cities  
- Great city for young professionals and a number of opportunities for CCJS positions including internships and potential teaching opportunities at local Baltimore colleges and universities | **Cons**  
- Distance - Commuting takes 1 hour+ to College Park and traffic can make this much longer during rush hour  
- Single bedroom apartments in the city are much more expensive than group living in houses/town homes so may be unaffordable for people looking to live alone  
- Requires a car. Public transportation in the city is not great and a car is necessary to reliably get to College Park  
- Most UMD students/events are in the College Park/DC area so attending social events is difficult | 2 Bed/2 Bath Townhouse (Shared with another person)

No Utilities  
Total Rent ($1825)  
***Note this is one of the most expensive areas of Baltimore so cheaper rent can be found in different neighborhoods***
If you want to get a place in DC, Craigslist is a good place to start. Both smaller individual owners and large companies usually have their listings on CL.

Shaw, U Street, Columbia Heights, and Petworth are all on the green/yellow line (same as campus) if you have to metro. Some people have cars, but it can be expensive and difficult to find parking. It is definitely possible to live without a car in these areas. Zipcar is also available for trips to the grocery store, etc. A lot of places are pet-friendly for cats and smaller dogs, but you may have to ask each specific property owner/manager. Here are some notes about each neighborhood:

- **Shaw**: Lots of new apartment buildings opening up here, and there are also rowhouses and basement apartments for rent. This area is changing rapidly into an area full of shopping and new bars/restaurants. In general, a little less expensive than U Street.

- **U Street**: This is where a lot of bars, clubs, restaurants, etc. are located. This is a fun area for going out and even if you live in CP, it is easy to get there using the metro on the weekends. This will take you 40 mins-an hour to get to campus door-to-door by metro OR car.

- **Columbia Heights**: Can be a bit busier than U Street, mostly at 14th and Irving right where the metro is. There is a Target, Best Buy, and Marshalls here. Better shopping options than some surrounding areas. Lots of restaurants also.

- **Petworth**: A bit farther away from downtown DC and a little less gentrified overall. Housing is less expensive here and there are new restaurants opening up there.

Dupont Circle is close to U Street but farther south. Tends to be more expensive and is on the red line, so you have to switch to get to campus.

Capitol Hill is covered mostly by the Eastern Market (orange/blue line) and Union Station (red line) Metros. These areas tend to be more residential.

- Very close to U St area, Adams Morgan, Shaw
- Green/yellow metro line goes from Columbia Heights to College Park in one direction, down to Gallery Place/Chinatown, Reagan airport, etc. in the other.
- Lots of young people in the area, and lots of local activities (e.g. sports leagues, meet-ups), summer farmer’s market, etc.
- Many group houses - I live in a 5-bedroom group house with 4 other people in their 20’s and love it. Group house living can also be very affordable if you are ok living with several other people and are good at house hunting; I pay <$750/mth.
- Very close to DC’s central business district, if you’re interested in working in DC during the summer!
- CoHi is fairly gentrified (pro or con, depending on how you look at it) - for being in a city, I feel pretty safe and am generally comfortable walking home alone at night

Cons:
- Rent can be expensive, particularly if you don’t want housemates.
- Parking passes can get pricy and off-street parking spaces are relatively rare.
- DC (read: expensive) pricing on food, drink, and goods
- Commute to UMD campus is about 45 minutes via metro
