RESEARCH EXPERIENCE

Postdoctoral Research Fellow, School of Public Policy and Department of Criminology and Criminal Justice at University of Maryland, College Park
September 2018 – August 2019

Summary: Working under Dr. Peter Reuter to gather and analyze data on current policies and practices regarding medically prescribed opioid substitution treatment for opioid-addicted women who are or become pregnant during the course of their involvement in drug courts or while under state correctional supervision. This is part of a larger grant project in collaboration with University of Maryland at Baltimore Medical School to review criminal justice policies in place as well as the evidence on the risks of continuing and terminating substitution treatment to develop a set of evidence-based best-practices.

Graduate Research Assistant to Sally S. Simpson, University of Maryland, College Park
October 2012-August 2018

Summary: Served as research assistant on multiple grant projects sponsored by the Bureau of Justice Statistics, the National Institute of Justice, and the University of Maryland related to white collar crime. Responsible for data collection, cleaning, and statistical analysis of results. Engaged in discussions with public and private sector research groups to facilitate data sharing and cooperative agreements. Assessed data source strengths and limitations for measuring white collar crime. Longitudinal and cross sectional analysis of survey, administrative, and offending data.

Consultant, National Academies of Sciences, Engineering, and Medicine
May 2018-Present

Summary: Employed by the Committee on Law and Justice. Assisted in development and refinement of research prospectuses for future consensus studies and workshops working both with Academies staff and Committee members. Identified and engaged with potential funders. Assist with strategic plans for future research.

Research Consultant, Choice Research Associates, Maryland
October 2015

Summary: Facilitated survey data collection to assess “Community Mediation Maryland”, by contacting and interviewing participants and family members. Some experience tracking participants with incorrect contact information.
