GRADING SCHEMA:

- Final Paper: 35%
- Paper Outline and Annotated Bibliography: 10%
- Paper Presentation: 10%
- Midterm Exam: 25%
- Class Participation: 20%

Final Paper: The final paper will be a research proposal. Specifically, it will contain a literature review that identifies a testable research question that will contribute to the literature on groups and crime. It will also identify a publicly available data set (identified through ICPSR, for example) that can be used to test this research question. Students will be expected to justify their selected measures and analytic plan. In total, the paper should be 20-25 pages in length and be written in APA format. I will review complete rough drafts of the papers up until November 27th.

Paper Outline and Annotated Bibliography: With the aim of ensuring an “early start” on a paper that is on the correct pathway, all students must submit an outline of the proposed paper, as well as a working bibliography with at least 5 annotated sources (which are not on the course reading list). The annotations should be two paragraphs for each citation. The first should be an abstract of the source, while the second should explain the purpose of including this source in your paper.

Paper Presentation: The end of the semester provides an opportunity for all students to share their research. The presentation should be in Power Point format and be approximately 12 minutes in length. More specific guidelines will be provided.

Midterm Exam: This will be an in-class exam that will test you on some core themes covered in the course up until that point.
Class Participation: Because this class operates as a seminar, participation is vital. Students are expected to share their perspectives on the readings in a manner that illustrates critical thinking.

CLASS POLICIES:

- Attendance: On May 10, 2011, the Campus Senate amended the University of Maryland Policy for A Student’s Medically Necessitated Absence from Class V-100 (G). Under this new policy, instructors are expected to accept as an excused absence a self-signed note from a student who has missed a single lecture, recitation, or laboratory, attesting to the date of the illness. This note must also contain an acknowledgement by the student that the information is true and correct and that providing false information is prohibited under the Code of Student Conduct. The student is also obligated to make a reasonable attempt to inform the instructor of his/her illness in advance. A student is allowed only ONE self-signed note per class for the semester, but this DOES NOT apply to days of major grading events (the day of the midterm and your presentation). Please note that multiple unexcused absences will affect your participation grade.

- Missed Deadlines/Late Assignments: Extensions for papers or presentations will not be given except in cases of a medical or family emergency. Accompanying written documentation is required. If a completed assignment is late without my prior approval, it will lose one letter grade for every day that is past the due date.

- Academic Integrity: Academic dishonesty will not be tolerated in any form and any violations will be reported to the Office of Student Conduct. Academic dishonesty includes cheating, fabrication of information used in assignments, plagiarism, and knowingly facilitating the academic dishonesty of another.
